St Barnabas’ PE and sport provision 2018 -2019 and plans for 2019-2020

PE Funding and Sports Grant:
Funding has been allocated to primary schools since 2013 to improve provision of physical education (PE) and sport. The funding is provided by the Department for Education and the Department for Culture, Media and Sport. The funding is ring fenced and therefore can only be spent on provision of PE and sport. Schools must spend the money on improving their provision of PE and sport, but schools have been given the freedom to choose how they do this.

How the funding is used:
St Barnabas’ was allocated £16,000 for 2017 -2018. The funding was used for a PE specialist from Cherwell Secondary school for KS2 pupils, a Sports Coach for KS1 and to provide additional resources for playtime activities. A PE Apprentice from Oxford Academy. Forest School equipment and trips.

Observations of PE teaching reflect the impact of the PE specialists.
- Teachers are providing well-structured teaching that shows progression over a series of lessons.
- There is good use of specific PE language.
- The quality of PE has improved.
- Children are fully engaged in the lessons.

Report from Cherwell PE specialist, cost £6,500
I always feel very privileged to be able to come and teach PE to students at St Barnabas’ from Year 3 to Year 6 and I enjoy helping them develop their skills, knowledge, understanding and character in a range of different sports and activities. This past year, I have proudly been able to say that I have taught some of the students PE from Year 3 through to Year 6 and have been part of their Physical Education journey and seen the progress they have made.

St Barnabas’ continues to enjoy many sporting opportunities and successes and this past year is no exception. The Year 5 and 6 girls took part in a Summertown Stars football tournament with some difficult competition but emerged victorious! Sports Day was a beautiful, warm day and there were some exceptional performances from the students and a superb tone of good sportsmanship – the Year 6s helped enormously with officiating events and distributing the stickers to the participants!

It is always lovely to see the students from St Barnabas’ who come up to Cherwell and get involved in the extracurricular clubs on offer. The students are always full of motivation and enthusiasm and I hope that some of this can be attributed to the fact that a strong emphasis on their physical fitness and enjoyment has been part of their education throughout their time at St Barnabas’.

Report from PE coach for KS1 – £3,000
Since I have been working with your KS1 we have covered basketball, hockey, athletics and gymnastics. Basketball included dribbling, passing and defending skills. Hockey included basic stick control and safety, dribbling, shooting, passing and mini sided games. Athletics included core skills of running, jumping and throwing using a variety of equipment. Gymnastics included exploring a range of movement skills – travelling, jumping, landing, rolling, climbing, transferring weight and balancing. The children in gymnastics worked at improving body management skills and creating simple sequences.
The behaviour of the classes is always very good and I very much enjoy teaching them. The ideas from the lessons are used by the teachers in their PE slots and children work on skills they need to develop, team work and competition.

**Forest School**
An amount is set aside each year to support Forest School. This involves activities on site and going to Hill End every half term. Year 1 and FSU undertake Forest School each week. Each half term Year 1 go to Hill End with one year group so at the end of the year the whole school have had a Forest School experience.

**Girls Football Club**
The girls’ football has provided an excellent place for a group of girls to confidently develop their skills and then to be able to take part in the Aristotle Cup and the Summertown Stars tournament.

**Aristotle Cup and St Michael’s Tournament**
These tournaments take place every year and involve city schools. The Aristotle tournament is organised by parents and St Michael’s by St Michael’s school. The parents organised teams throughout the school so all age groups were represented. Nearly 100 children from the school took part which is excellent. There were mixed teams and single sex teams. All the children looked wonderful in our football kit.

**PE Apprentice and support from Oxford Academy – £6,000**
The Oxford Academy’s PE program called T.O.A. provided a PE apprentice who worked throughout the school with teachers for PE and ran the Girl’s Football after school. Children tried Zumba, Yoga and a range of activities including football, netball and athletics.

**PE Equipment**
PE and sporting activities are celebrated in the school newsletters and the weekly collective worship.

**PE Plans for 2019-2020 Funding 17,720**
- To continue with the PE Specialist from Cherwell – this prepares the children for secondary school and the specialist can develop the class teachers.
- To continue with the PE Apprentice from Oxford Academy.
- To continue with the sports coach for KS1.
- To support Forest School and to improve the outdoor environment in the KS1 playground.
- To ensure there is a good range of equipment for playtime.
- The plan for next year with the PTA is to develop the field and increase the areas covered by Astroturf – to improve the goal area and to create a running track.
