How it works

- There can be up to 250 players in our school team.
- During the Street Tag experience, families, staffs, and children record their distance walked by scanning virtual tags (each tag are worth 10 points on average) at various locations, converting their steps done indoors or outdoors into pints through the steps sync feature, watching their total distance (points) accumulate to climb up on the School leaderboard, creating competition, being physically active, visiting parks, an opportunity to engage in a fun play experience, and earning prizes. Overall Street Tag delivers active happiness to families.
- Leader board: The leader board displays your rank, team name, and the number of points you have.
- Opportunity: The opportunity section is a way for all users to know what's going on and new things they should look out for!! When a new opportunity is placed by Street Tag you get a notification.
- Dashboard: You can see your team's scores and individual player's score. Miles/distance covered.
- Tags can be seen on the main screen map. The tags are yellow. Once they are scanned they turn red. A tag cannot be rescanned within an hour.

- There will be prizes for the top 3 schools on the leaderboard.

- Vouchers worth £50 for 1st, 2nd, 3rd positions respectively.
