April 2022

Dear Families,

Welcome back to the final term of Year 6!

This letter provides some useful information for year six along with the attached timetable and curriculum map for the Summer term. This term, our topic is Extreme Earth.

During the term, the children will sit the Year 6 SAT tests, visit and prepare for their transition to secondary schools, complete the cycling proficiency and continue to have some exciting experiences and fun!

As we transition back to "normal" with Covid-19 restrictions easing, just a reminder that:-

Just a reminder that:-

#### Drop-off/Pick-up & Registers

The children arrive and depart via the pedestrian gate, which opens onto the main playground. Mrs Donaghey will be at the pedestrian gate in the mornings and the teachers will walk the children to the gate to release them at the end of the school day.

School opens at 8:45am and the pedestrian gate will be locked at 8.55am. Most secondary schools will give detentions for being late so it is important to make sure the children are at school on time.

School finishes at 3pm. It is a good idea for the children to develop a bit more independence, particularly as they are going to secondary school in September. If you are still collecting, please arrange a meeting place near school.

Please let us know if your child will be walking to school without an adult. This is to ensure the safety of the child, for example, if we are aware that a child walks alone to school and they are not present at register, we would alert the parents immediately.

#### Communication

We welcome you to contact us with any queries or concerns through email. Please do feel free to talk to us this way. We may not be able to answer immediately, but will get back to you. For anything urgent or for something that needs to be shared immediately, you can either call the office, speak to Mrs Donaghey on the gate, who will pass on the message or send your child in with a note. You can also make an appointment with us at a mutually convenient time, by calling or emailing the office.

#### Absence

- Please let the office know in advance if your child has a medical or similar appointment and will need to be taken out of school or to arrive late.
- If your child is ill, please ring or email the office as soon as possible on each day of absence.

## Equipment and clothing

- Children will have their own school equipment in a labelled pencil case provided by school. (Please do not send in pencil cases from home)
- PE lessons are on Wednesdays and Thursdays but children should come to school in clothes that are suitable for PE every day. We will not have PE kits in school. Please tie long hair back.

## Suntan lotion

With the warmer weather arriving, suntan lotion is advisable. Please apply suntan lotion before your child comes to school. Children should not share lotion so if you want them to reapply, please make sure they have their own bottle in school. Lotion can be reapplied at lunchtime if necessary. Hats are also advisable as the field is very exposed during the summer months.

## Reading

Reading is a wonderful life skill and we want children to love reading. The more the children read, the more words they are exposed to and these words gradually and inevitably make their way into the children's vocabulary. This assists with all areas of the children's learning, helps their confidence in speaking aloud and especially helps with ideas for their writing.

We will continue to have a big focus on reading throughout the school this term. We would love the children to recommend good books that they have read, to help inspire others. Current research confirms that the most effective form of homework is reading. Children who read regularly at home will have greater success in other subjects at school. In Year 6, we do expect the children to read every day alongside reading our class book. The children will continue to visit the school library each Thursday to choose a book which may be taken home and returned when finished. Please encourage your child to read at home daily.

## Other Homework

Homework will mainly be set online but can be printed for any children who cannot easily access online learning on any particular week. Learning homework set may be in the form of spellings, maths, grammar and so on. We will continue to use Big Maths (Powerpoints and work are set online most days in class and can be accessed through your child's Google Classroom account). Homework will be set on a Wednesday via Google Classroom and should be completed by the following Monday.

## Symptoms

The school continues to be vigilant about Covid-19. Please do not send your child to school if they have symptoms of the virus: a high temperature or a cough or a loss of taste or smell. If anyone in school shows any of these symptoms they will need to go home immediately.

## SAT week

SAT week starts on the 9th - 12th May. The timetable is as follows:

- **Monday 9 May – English grammar, punctuation and spelling:**
  - Paper 1: questions
  - Paper 2: spelling
- **Tuesday 10 May – English reading**
- **Wednesday 11 May – Mathematics:**
  - Paper 1: arithmetic
  - Paper 2: reasoning
- **Thursday 12 May – Mathematics Paper 3: reasoning**

The test must be taken on the scheduled day and under exam conditions. There will be a SAT meeting on Wednesday 27th April at 6pm online to answer any questions that you may have. Please note the change of date and many apologies for any inconvenience caused by this change. .

Cycle training

Hopefully, cycle training will start this term. Please see the additional letter for more information.

IMPs

The IMPs team will be visiting school on Friday 10th June to teach the children about first aid. There will be a follow up online session on the 30th June.

Thank you in advance for your continued support.

Best wishes,

Lesley Pettitt, Erika Watson and Ayesha Salman
